View and Share Featured Collections

Featured Collections are free, Follett-sponsored collections. Created by Follett educators, they center around Lightbox titles and are available to the public. These collections provide instructional tools to teachers and students who use Lightbox.

Each Featured Collection contains resources related to the Lightbox title of the same name. For example, the Lightbox collection "Earth: The Blue Planet" corresponds with the Lightbox title "Lightbox-Solar-System-Earth: The Blue Planet".

Featured Collections are available to all users, but site administrators might need to enable access for a specific Collections role.
